NEW DynamicTalkB, THE SMART SOLUTION TO INTEGRATE BOUNDARY MICROPHONES IN BOARDROOM TABLES, IS READY TO ORDER NOW

Smart and stylish solution to optimise audio in meeting rooms

The new DynamicTalkB is a smart and elegant solution to integrate perfectly boundary microphones in a boardroom table.

This smooth mechanism raises, rotates and lowers a microphone inside a desk surface. The microphone appears and disappears at the simple touch of a button and it can also be remotely controlled. The device is powered over Ethernet and can be controlled and set up via Bluetooth connection.

DynamicTalkB, key features:

- Wow factor
- Invisible when not needed
- Touch control sensor on cover plate
- Easy to integrate
- Remotely controllable (AHnet)

DynamicTalkB is ready to order now!
