

For immediate release: December 2018

Optoma to reveal flagship LED display 'QUAD' series at ISE 2019

Optoma, number one DLP® projector brand in EMEA*, today announced it will return to ISE 2019 to showcase its latest solutions to include its revolutionary new QUAD series - an innovative all-in-one LED display solution.

“This year at ISE we are emphasising Optoma’s industry leading position as a big-screen display manufacturer” says Thierry Millet, Optoma EMEA Managing Director. “We will reveal an exciting new all-in-one LED display technology, designed in conjunction with Coretronic – the QUAD series. This will be the world first showing of our latest product range which brings significant benefits to our customers and partners.

“On stand 1-F90, we will also demonstrate some unique LED display solutions, professional and consumer 4K UHD projectors, and interactive flat panels.”

Optoma’s latest products will be on display for the corporate, education, professional installation and home entertainment markets. Visitors can expect to see:

- Expanded range of complete indoor LED display solutions – to include the New QUAD series all-in-one indoor LED display
- Innovative real-life applications using projection mapping and blending to create engaging displays
- New high brightness and 4K UHD DuraCore laser phosphor professional projectors for flexible installation, great colours and more consistent brightness

- New 4K UHD professional and home projectors using the latest single chip DLP technology
- First looks at the new range of interactive flat panel displays (IFPDs)
- Full range of scaler-switchers for both projection and LED displays
- Latest wireless in-ear headphones from the award-winning NuForce audio range

Experts from Optoma's ever-expanding local sales and technical support teams will be on hand to provide technical knowledge, one-to-one demonstrations and sales support.

ISE 2019 takes place from 5th to 8th February 2019 at the RAI Exhibition Centre in Amsterdam. The Optoma stand can be found in **Hall 1, stand 1-F90**. Use the code 705254 to receive your free entry ticket: <http://www.iseurope.org>
