

ISE 2019 PREVIEW

Outdoor AV put to the test on Peerless-AV's stand at ISE 2019

Xtreme™ High Bright Outdoor Displays, Smart City Kiosks and new LED concepts demonstrated in Hall 12, H90

Watford, UK, 3 December 2018 – AV technology pioneer Peerless-AV® will be showcasing its Outdoor AV expertise in Hall 12, Stand H90, at ISE 2019 with new High Bright Displays, Kiosk solutions and LED concepts for outdoor digital signage.

Currently available in 43", 49" and 55", the 65" Xtreme™ High Bright Outdoor Display will be launched at ISE 2019. The range will be put to the test in various impact and water demonstration scenarios to highlight their resilient, all-weather capabilities. Offering the highest environmental rating in its class, the widest operating temperature range (-35°C to 60°C), a high TNI panel, IK10 rated impact resistant safety glass, optical bonding and 2500 nits of brightness, the Xtreme High Bright performs beyond expectations in any outdoor environment, including sports venues, theme parks, transportation, retail, education, hospitality, and more.

Alongside the High Bright Display line up, Peerless-AV will exhibit its new outdoor Smart City Kiosk line up. A modern, approachable and practical digital signage solution, the Smart City Kiosk combines functionality and aesthetics. Designed for 24/7 unattended operation, it can withstand winds up to 140 mph. Smart City Kiosk models incorporating a 49" or 55" Xtreme High Bright Display and models designed for 46" or 55" Samsung OHF Displays will be featured on the stand.

In addition, Peerless-AV will demonstrate several new eye-catching LED concepts, together with brand new design upgrades to its Indoor Information and Wayfinding Kiosks. These include the new KIPICT2555 Fully Integrated Interactive Kiosk, Powered by BrightSign®, and KIPC25%% Universal Indoor Floor Standing Portrait Kiosk with wheeled base.
