

ISE 2019

February 5–8, 2019 in Amsterdam, NL

Integrated Systems Europe is the international, professional destination of choice for the systems integration, digital signage, live events production, smart home and smart building communities. Join Narvitech at Integrated Systems Europe (ISE) located at the Amsterdam RAI Exhibition and Convention Centre in Amsterdam, NL, from February 5–8, 2019. Narvitech team can be found at Stand 13-B116 (Hall 13).

We develop capture and streaming products for personal or small studio to achieve live video streaming easily with great video quality. We provide best wireless display system for class and SMEs business, who can share their screen from laptop, tablet or mobile to big display, which makes class or meeting as simple and efficient.

We will be showcasing our suite of reliable, versatile, and easy-to-use live event production solutions, including capture, streaming products, and wireless display system. There may be more interesting way to use our products, let's find out more possibilities.

Visit us on the ISE show floor at Stand 13-B116 (Hall 13) for more information, or contact sales@narvitech.com to arrange a one-on-one meeting during the show.
